

6th Form Independent Study Guide

Subject – **FRENCH**

Students should use a reflective journal for independent learning to be looked at each term by their teacher.

You could:

- Read a news article in French from a reputable news outlet (www.euronews.net)- select 'français' and listen to the videos with the transcripts
- Read short stories – Penguin have collated some dual-language texts you could buy and read
- Go back over work you have written and ensure you've corrected any mistakes, responded to any feedback, improved your answers to be more in line with the exam board mark schemes
- Look at the following sites which are useful for grammar and vocabulary building and find topic-specific vocabulary you can use in your own work:

www.mfljimdo.com

www.memrise.com

www.s-cool.co.uk

www.laits.utexas.edu/tex

- Watch a French film both for language and cultural exposure
- Look at French magazines online and consider a subscription (<https://www.lexpress.fr/>)
- Practise grammar either using your text book or by getting a practice book
- There are more ideas in the transition pack which you can find on the SJSF website.
